In September, we held a Grand Opening Celebration of our Model Townhouse at 13 Colonel Cohoe Street. The evening was a complete success as we welcomed over 200 people to tour a home we are very proud of. Since then, we have received many more visitors during our weekend open houses, and continue to be honored by the wonderful response and comments from our guests. With the Model open every weekend from 2-4, we are now launching

into the development and design stage of a single family home on Lot 8 Garrison Village Drive, and a 3 unit townhouse block on Colonel Cohoe Street. Keep your eyes on The Village. . . . 2009 will be a busy year!.

*An architecturally protected,
master planned community,
designed by the town
planning firm of Duany
Plater-Zyberk & Company*
